Description

"Experience the perfect sailing performance with the Bavaria C42! With a modern and innovative hull shape that includes chines and a V-shaped bow developed by Bavaria Yachts, the Bavaria C42 is the logical further development of the C-LINE series, but with its own character. This 12.38 meter long sailboat not only guarantees the best sailing performance, but also an unusually large amount of space below deck. The Bavaria C42 is full of smart details, both above and below deck, as we know it from Bavaria Yachts, but here they have been further refined, giving this unique sailboat the best of the latest innovations in yacht building. Experience a new sense of space with the Bavaria C42's generous deck areas and innovative hull design, which opens up entirely new dimensions below deck. Choose from individual cabin layouts, This boat has been selected with the comfortable 3-cabin version with two bathrooms. The U-shaped seating group on the starboard side and the sofa on the port side can easily accommodate eight people during a cozy dinner. And as in the classic layouts, you will find the L-shaped pantry on the port side. With Bavaria's Chines and V-shaped bow, you not only get more volume, but also better sailing performance. Chines ensure more stability, a longer waterline and thus better performance as well as a more direct feeling at the helm. And the significant angle at the stern also provides more space for the aft cabins, which means more comfort for everyone on board.
